| Hersteller               | NordicMubio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Voltage-sensitive calcium channels (VSCC) mediate the entry of calcium ions into excitable cells and are also involved in a variety of calcium-dependent processes, including muscle contraction, hormone or neurotransmitter release, gene expression, ce... |
| Konzentration            | See vial for concentration                                                                                                                                                                                                                                    |
| Isotyp                   | IgG                                                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">Q9P0X4</a>                                                                                                                                                                                                                                        |
| Puffer                   | Provided as solution in phosphate buffered saline with 0.08% sodium azide                                                                                                                                                                                     |

|                        |                                                                                                                             |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Quelle                 | Rabbits were immunized with a synthetic peptide derived from the rat alpha1 calcium channel conjugated to KLH               |
| Reinheit               | Ammonium Sulfate Precipitation                                                                                              |
| Formulierung           | Unconjugated                                                                                                                |
| Anwendungsbeschreibung | This antibody can be used for Western blotting (5-10 µg/ml). Optimal concentration should be evaluated by serial dilutions. |
