## Product Datasheet

### Sheep anti Human chk 1 kinase, Unconjugated NMB-K100P

Artikelname	Sheep anti Human chk 1 kinase, Unconjugated
Artikelnummer	NMB-K100P
Hersteller Artikelnummer	K100P
Alternativnummer	NMB-K100P
Hersteller	NordicMubio
Wirt	Sheep
Kategorie	Antikörper
Applikation	IP, WB
Spezies Reaktivität	Human, Monkey, Mouse, Rat
Konjugation	Unconjugated
Produktbeschreibung	One mechanism by which checkpoints maintain the fidelity of cell cycle events is through blocking mitosis in response to unreplicated or damaged DNA. In most species this occurs through inhibiting activation of the cyclic-dependent kinase cdc2, which...
Konzentration	See vial for concentration
Isotyp	IgG
UniProt	<a href="#">O14757</a>
Puffer	Provided as solution in phosphate buffered saline with 0.08% sodium azide

Quelle	Sheep were immunized with a protein corresponding to amino acid sequence 1-474 of human chk-1, having a molecular weight of 54 kDa.
Reinheit	Ammonium Sulfate Precipitation
Formulierung	Unconjugated
Anwendungsbeschreibung	Western Blot at 1 - 10 ug/ml.
