## Product Datasheet

### **Rabbit anti Human IgG (Fc specific), conjugated with FITC, Clone: [Polyclonal], Monoclonal NMB-RAHU/IGG(FC)/FITC**

|                                  |   |
|----------------------------------|---|
| Artikelname                      | Rabbit anti Human IgG (Fc specific), conjugated with FITC, Clone: [Polyclonal], Monoclonal  |
| Artikelnummer                    | NMB-RAHU/IGG(FC)/FITC   |
| Hersteller Artikelnummer         | RAHu/IgG(Fc)/FITC   |
| Alternativnummer                 | NMB-RAHU/IGG(FC)/FITC   |
| Hersteller                       | NordicMubio   |
| Wirt                             | Rabbit  |
| Kategorie                        | Antikörper  |
| Spezies Reaktivität              | Human   |
| Konjugation                      | FITC  |
| Format                           | IgG   |
| Spezifität                       | IgG (Fc)  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion   |
| Produktbeschreibung              | The reactivity of the antiserum is directed to the Fc subunit of the IgG molecule. In immunoelectrophoresis and double radial immunodiffusion, using various antiserum concentrations against normal human plasma and serum, a single characteristic preci... |
| Klonalität                       | Monoclonal  |
| Klon-Bezeichnung                 | [Polyclonal]  |

|                        |   |
|------------------------|---|
| Puffer                 | FITC-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity. preservative added. It is reconstituted by adding 1 ml sterile dist |
| Quelle                 | Purified normal IgG isolated from pooled human serum. Freund's complete adjuvant is used in the first step of the immunization procedure.   |
| Formulierung           | FITC  |
| Formel                 | FITC-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity. preservative added.   |
| Antibody Type          | Secondary Antibody  |
| Anwendungsbeschreibung | ELISA, Immunocytochemistry, Immunohistochemistry (frozen), (In)direct immunofluorescence.   |
