## Product Datasheet

### **Rabbit anti Sheep IgM (Fc specific), conjugated with Biotin, Clone: [Polyclonal], Monoclonal NMB-RASH/IGM(FC)/BIO**

|                                  |   |
|----------------------------------|---|
| Artikelname                      | Rabbit anti Sheep IgM (Fc specific), conjugated with Biotin, Clone: [Polyclonal], Monoclonal  |
| Artikelnummer                    | NMB-RASH/IGM(FC)/BIO  |
| Hersteller Artikelnummer         | RASH/IgM(Fc)/Bio  |
| Alternativnummer                 | NMB-RASH/IGM(FC)/BIO  |
| Hersteller                       | NordicMubio   |
| Wirt                             | Rabbit  |
| Kategorie                        | Antikörper  |
| Spezies Reaktivität              | Sheep   |
| Konjugation                      | Biotin  |
| Format                           | IgG   |
| Spezifität                       | IgM ( $\mu$ )   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion   |
| Produktbeschreibung              | The reactivity of the antiserum is directed to the Fc subunit of the IgM molecule which expresses strict isotypic (class) specificity. It does not react with any non-Ig protein in sheep serum, as tested by immunoelectrophoresis and double radial immu... |
| Klonalität                       | Monoclonal  |
| Klon-Bezeichnung                 | [Polyclonal]  |

|                        |  |
|------------------------|--|
| Puffer                 | Biotin-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity. It is reconstituted by adding 1 ml sterile distilled water, spun |
| Quelle                 | Purified normal IgM isolated from pooled sheep serum. Freund's complete adjuvant is used in the first step of the immunization procedure.  |
| Formulierung           | Biotin   |
| Formel                 | Biotin-coupled purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added, as it may interfere with the antibody activity.  |
| Antibody Type          | Secondary Antibody   |
| Anwendungsbeschreibung | ELISA, Immunocytochemistry, Immunohistochemistry (paraffin), Dot blot, Immunoblotting.   |
