| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, ICC, WB                                                                                                                                                                                                                                                   |
| Immunogen                | Dendra2 tag protein                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Dendra2 is an improved version of green-to-red photo switchable protein Dendra, from an octocoral (Dendronephthya) and compared to it, Dendra2 exhibits brighter fluorescence before and after photoswitching. Excitation maximum of Dendra2 is 490 nm bef... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Reinheit                 | Immunoglobulin purified on Protein A in PBS. Contains 15 mM sodium azide.                                                                                                                                                                                     |
| Formulierung             | Liquid at 1 mg/ml.                                                                                                                                                                                                                                            |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                                                                                           |
| Anwendungsbeschreibung   | Immunocytochemistry (ICC), Flow cytometry (FlowCyt) (QC tested), Western blot (WB)                                                                                                                                                                            |
