## Product Datasheet

### Goat anti-Human IgG Fc, Affinity Pure, Biotin Conjugate, min x w/bovine, horse, mouse or rabbit serum proteins IMU-GTXHU-004-EBIO

|                                  |                                                                                                                |
|----------------------------------|----------------------------------------------------------------------------------------------------------------|
| Artikelname                      | Goat anti-Human IgG Fc, Affinity Pure, Biotin Conjugate, min x w/bovine, horse, mouse or rabbit serum proteins |
| Artikelnummer                    | IMU-GTXHU-004-EBIO                                                                                             |
| Hersteller Artikelnummer         | GtxHu-004-EBIO                                                                                                 |
| Alternativnummer                 | IMU-GTXHU-004-EBIO                                                                                             |
| Hersteller                       | ImmunoReagents                                                                                                 |
| Wirt                             | Goat                                                                                                           |
| Kategorie                        | Antikörper                                                                                                     |
| Spezies Reaktivität              | Human                                                                                                          |
| Immunogen                        | Purified Human IgG, Fc fragment                                                                                |
| Konjugation                      | Biotin                                                                                                         |
| Format                           | IgG                                                                                                            |
| Spezifität                       | IgG (Fc)                                                                                                       |
| Minimale Kreuzreaktivität (MinX) | Bovine,Equine,Mouse,Rabbit                                                                                     |
| Konzentration                    | 1.50 mg/ml (E 1% at 280 nm = 13.0)                                                                             |
| NCBI                             | <a href="#">75015</a>                                                                                          |
| UniProt                          | <a href="#">O75015</a>                                                                                         |

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Puffer        | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Reinheit      | Affinity purified antibody is > 95% based on SDS-PAGE                                    |
| Formulierung  | Clear, colorless liquid                                                                  |
| Antibody Type | Secondary Antibody                                                                       |
