| Artikelname                      | Goat anti-Mouse IgG (H&L) - Affinity Pure, min x w/bovine, horse, human, pig or rabbit serum protein, Biotin |
| Artikelnummer                    | IMU-GTXMU-003-E2BIO                                                                                          |
| Hersteller Artikelnummer         | GtxMu-003-E2BIO                                                                                              |
| Alternativnummer                 | IMU-GTXMU-003-E2BIO                                                                                          |
| Hersteller                       | ImmunoReagents                                                                                               |
| Wirt                             | Goat                                                                                                         |
| Kategorie                        | Antikörper                                                                                                   |
| Spezies Reaktivität              | Mouse                                                                                                        |
| Immunogen                        | Purified Mouse IgG, whole molecule                                                                           |
| Konjugation                      | Biotin                                                                                                       |
| Format                           | IgG                                                                                                          |
| Spezifität                       | IgG (H+L)                                                                                                    |
| Minimale Kreuzreaktivität (MinX) | Bovine,Equine,Human,Porcine,Rabbit                                                                           |
| Konzentration                    | 1.0 mg/ml (E 1% at 280 nm = 13.0)                                                                            |
| NCBI                             | <a href="#">51107</a>                                                                                        |
| UniProt                          | AAA51107                                                                                                     |

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| Puffer        | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Reinheit      | Affinity purified antibody is > 95% based on SDS-PAGE                                    |
| Formulierung  | Clear, colorless liquid                                                                  |
| Antibody Type | Secondary Antibody                                                                       |
