## Product Datasheet

### Lipoprotein Lipase Monoclonal Antibody [5D2] - Horseradish peroxidase (HRP) / 50ul, IgG1, Mouse IMQ-IQ449HRP

|                          |                                                                                                 |
|--------------------------|-------------------------------------------------------------------------------------------------|
| Artikelname              | Lipoprotein Lipase Monoclonal Antibody [5D2] - Horseradish peroxidase (HRP) / 50ul, IgG1, Mouse |
| Artikelnummer            | IMQ-IQ449HRP                                                                                    |
| Hersteller Artikelnummer | IQ449HRP                                                                                        |
| Alternativnummer         | IMQ-IQ449HRP-0.05                                                                               |
| Hersteller               | ImmuQuest                                                                                       |
| Wirt                     | Mouse                                                                                           |
| Kategorie                | Antikörper                                                                                      |
| Applikation              | ELISA, FC, IF, WB                                                                               |
| Spezies Reaktivität      | Feline, Golden Hamster, Human, Rat                                                              |
| Immunogen                | Purified bovine milk lipoprotein lipase protein                                                 |
| Produktbeschreibung      | Mouse Anti-Lipoprotein Lipase [5D2]: Horseradish Peroxidase (HRP)...                            |
| Klonalität               | Monoclonal                                                                                      |
| Konzentration            | 1mg/ml                                                                                          |
| Klon-Bezeichnung         | [5D2]                                                                                           |
| Isotyp                   | IgG1                                                                                            |
| NCBI                     | <a href="#">4023</a>                                                                            |

|                        |                                                                                                                                                                                                                                         |

| Puffer                 | Purified IgG conjugated to Horseradish Peroxidase using Innova Biosciences Lightning-LinkA, containing Phosphate buffered saline and 0.01% Sodium azide                                                                                 |
| Reinheit               | Protein G                                                                                                                                                                                                                               |
| Formulierung           | Purified antibody in PBS + 0.1% sodium azide                                                                                                                                                                                            |
| Target-Kategorie       | Lipoprotein Lipase                                                                                                                                                                                                                      |
| Antibody Type          | Monoclonal Antibody                                                                                                                                                                                                                     |
| Application Verdünnung | Optimal antibody dilution should be determined by titration, however as a guideline try, IF: Use at +2 µg/ml WB: Use at an assay dependent dilution. Predicted molecular weight: 53 kDa. Flow Cyt: Use 1 µg for +10 <sup>6</sup> cells. |
