| UniProt                  | <a href="#">P0DTC3</a>                                                                                                                                                                                                                                        |
| Formulierung             | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.                                                                                                                          |
