## Product Datasheet

**CD46 (Membrane Cofactor Protein) Antibody - With BSA and Azide, Clone:  
[169-1-E4.3], Mouse, Monoclonal  
ABT-AH11798-U0020**

|                          |                                                                                                                                                                                                                                                               |

| Produktbeschreibung      | Recognizes a protein of 52kDa-58kDa, identified as CD46 (also known as membrane cofactor protein, MCP). Its epitope is located on the four immunogenic short consensus repeat (SCR) domains at N-terminus of the protein. CD46 exists as many isoforms in ... |
