| UniProt                  | <a href="#">Q9NYP7</a>                                                                                                                                                                                                                                         |
| Reinheit                 | Synthetic 15 amino acid peptide from N-terminus of human ELOVL5. Percent identity with other species by BLAST analysis: Human, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Turkey, Chicken (100%), Elephant, Catfish (93%), Mouse, Rat, Dog, Hamster, Ho ... |
| Target-Kategorie         | Human ELOVL5. BLAST analysis of the peptide immunogen showed no homology with other human proteins.                                                                                                                                                            |

|                        |                         |
|------------------------|-------------------------|
| Antibody Type          | Polyclonal Antibody     |
| Application Verdünnung | IHC-P (10 - 15 µg/ml)   |
| Anwendungsbeschreibung | Immunoaffinity purified |
