## Product Datasheet

### Epithelial sodium channel (gamma-subunit) monoclonal antibody (3c7) ENZ-BPD-CAM-003-07-04

|                          |                                                                                                                                                                 |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Epithelial sodium channel (gamma-subunit) monoclonal antibody (3c7)                                                                                             |
| Artikelnummer            | ENZ-BPD-CAM-003-07-04                                                                                                                                           |
| Hersteller Artikelnummer | BPD-CAM-003-07-04                                                                                                                                               |
| Alternativnummer         | ENZ-BPD-CAM-003-07-04-400                                                                                                                                       |
| Hersteller               | Enzo Life Sciences                                                                                                                                              |
| Wirt                     | Mouse                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                      |
| Applikation              | ELISA, IHC, WB                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                           |
| Immunogen                | The inhibitory gamma peptide from the human gammaENaC subunit. EAESWNSVSEGGKQPRFSHRIPLC corresponding to amino acid residue 139-160 of human gammaENaC subunit. |
| Produktbeschreibung      | Epithelial sodium channel (gamma-subunit) monoclonal antibody (3c7)...                                                                                          |
| Klonalität               | Monoclonal                                                                                                                                                      |
| Klon-Bezeichnung         | [3c7]                                                                                                                                                           |
| UniProt                  | <a href="#">P51170</a>                                                                                                                                          |
| Quelle                   | From culture supernatant.                                                                                                                                       |

|                  |                                                                                                   |
|------------------|---------------------------------------------------------------------------------------------------|
| Reinheit         | Protein A/G-purified.                                                                             |
| Formulierung     | Liquid. In 0.01M phosphate buffer, pH 7.4, containing 0.5M sodium chloride and 15mM sodium azide. |
| Target-Kategorie | Sodium channel                                                                                    |
