| Alternativnummer         | ENZ-ENZ-GEN511-0024-24                                                                                                                                                                                                     |
| Hersteller               | Enzo Life Sciences                                                                                                                                                                                                         |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                |
| Applikation              | PCR                                                                                                                                                                                                                        |
| Produktbeschreibung      | AMPINEXT(TM) 5-mC RNA Bisulfite-Seq Easy Kit (Illumina)...                                                                                                                                                                 |
| Target-Kategorie         | DNA                                                                                                                                                                                                                        |
| Anwendungsbeschreibung   | A complete set of optimized reagents designed for easily carrying out RNA bisulfite conversion, followed by a post-bisulfite library preparation process for Illumina platform-based bisulfite sequencing, all in one kit. |
