| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Purified human lambda light chain                                                                                                                                                                                                                             |
| Produktbeschreibung      | This MAb is specific to lambda light chain of immunoglobulin and shows no cross-reaction with lambda light chain or any of the five heavy chains. In mammals, the two light chains in an antibody are always identical, with only one type of light chain,... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [LAM03]                                                                                                                                                                                                                                                       |
| Molekulargewicht         | ~22.5kDa                                                                                                                                                                                                                                                      |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">3535</a>                                                                                                                                                   |
| UniProt                | <a href="#">P01701</a>                                                                                                                                                 |
| Formulierung           | 200ug/ml of Ab Purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml. |
| Antibody Type          | Monoclonal Antibody                                                                                                                                                    |
| Anwendungsbeschreibung | ELISA (Use Ab at 2-4ug/ml for coating) (Order Ab without BSA), Optimal dilution for a specific application should be determined.                                       |
