| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FC, IF, IHC, WB                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment of human GLUT1 protein (around aa 203-305) (exact sequence is proprietary)                                                                                                                                                               |
| Produktbeschreibung      | Recognizes a protein of 55kDa, which is identified as GLUT-1. Glucose transporters are integral membrane glycoproteins involved in transporting glucose into most cells. There are many types of glucose transport carrier proteins, designated as Glut-1 ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [GLUT1/2476]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 55kDa                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                                                                                                                |
