| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human full-length EBAG9 protein                                                                                                                                                                                                                   |
| Produktbeschreibung      | EBAG9, also known as RCAS1, is an estrogen-transcribed protein. Soluble and membranous RCAS1 proteins may play a role in the immune escape of tumor cells by promoting T lymphocyte inhibition of growth and apoptosis. RCAS1 is expressed in a wide varie... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [EBAG9/7033R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 32kDa                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">9166</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                             |
