### Trypsinogen Antibody, Rabbit, Polyclonal ROC-100-4180

|                          |                                                            |
|--------------------------|------------------------------------------------------------|
| Artikelname              | Trypsinogen Antibody, Rabbit, Polyclonal                   |
| Artikelnummer            | ROC-100-4180                                               |
| Hersteller Artikelnummer | 100-4180                                                   |
| Alternativnummer         | ROC-100-4180                                               |
| Hersteller               | Rockland Immunochemicals                                   |
| Wirt                     | Rabbit                                                     |
| Kategorie                | Antikörper                                                 |
| Spezies Reaktivität      | Bovine                                                     |
| Immunogen                | Trypsinogen [Bovine Pancreas]                              |
| Konjugation              | Unconjugated                                               |
| Klonalität               | Polyclonal                                                 |
| Konzentration            | 75 mg/mL by Refractometry                                  |
| NCBI                     | <a href="#">282603</a>                                     |
| UniProt                  | <a href="#">Q29463</a>                                     |
| Puffer                   | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Formulierung             | Lyophilized                                                |
| Target-Kategorie         | Bovine                                                     |
| Antibody Type            | Primary Antibody                                           |

|                        |                                                                                                                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISA: 1:10,000 - 1:40,000, IHC: User Optimized, WB: 1:1,000 - 1:4,000                                                                                                                                                                                       |
| Anwendungsbeschreibung | TRYPSINOGEN Antibody has been assayed against 1.0 ug of Trypsinogen [Bovine Pancreas] in a standard ELISA using Peroxidase conjugated Affinity Purified anti-Rabbit IgG [H&L] (Goat) code 611-1302 and (ABTS (2,2-azino-bis-[3-ethylbenthiazoline-6-sulfonic |
