| Alternativnummer         | ROC-200-302-W75                                                                                                                                    |
| Hersteller               | Rockland Immunochemicals                                                                                                                           |
| Wirt                     | Mouse                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                         |
| Applikation              | IHC, WB                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                  |
| Immunogen                | Anti-Neurologin 1 Antibody was produced by repeated immunization of mice with a fusion protein containing amino acids 718-843 of rat Neurologin-1. |
| Konjugation              | FITC                                                                                                                                               |
| Klonalität               | Monoclonal                                                                                                                                         |
| Konzentration            | 1mg/mL by UV absorbance at 280 nm                                                                                                                  |
| Klon-Bezeichnung         | [S97A-31]                                                                                                                                          |
| Isotyp                   | IgG1                                                                                                                                               |

|                        |                                                                                                                                                                                                                                                                |
