### Rabbit IgG anti-Cat IgG (H+L)-HRPO, MinX none ROC-602-4302

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Cat IgG (H+L)-HRPO, MinX none              |
| Artikelnummer                    | ROC-602-4302                                               |
| Hersteller Artikelnummer         | 602-4302                                                   |
| Alternativnummer                 | ROC-602-4302                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Feline                                                     |
| Immunogen                        | Cat IgG whole molecule                                     |
| Konjugation                      | HRPO                                                       |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (H+L)                                                  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 2.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                  |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                      |
| Target-Kategorie       | Cat                                                                                                                                                                                                                                                              |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                               |
| Application Verdünnung | ELISA: 1:90,000, IHC: 1:2,000 - 1:7,500, WB: 1:5,000 - 1:20,000                                                                                                                                                                                                  |
| Anwendungsbeschreibung | Anti-Cat IgG Peroxidase conjugate has been tested by ELISA and is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody-based enzymatic assays requiring lot-to-lot consistency |
