## Product Datasheet

### Goat IgG anti-Dog IgG (Fc)-FITC, MinX none ROC-604-1203

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Goat IgG anti-Dog IgG (Fc)-FITC, MinX none                 |
| Artikelnummer                    | ROC-604-1203                                               |
| Hersteller Artikelnummer         | 604-1203                                                   |
| Alternativnummer                 | ROC-604-1203                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Goat                                                       |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | FLISA,FACS,IF                                              |
| Spezies Reaktivität              | Canine                                                     |
| Immunogen                        | Dog IgG F(c) fragment                                      |
| Konjugation                      | FITC                                                       |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (Fc)                                                   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 2.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Dog                                                                                                                                                                                                                                                            |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Anwendungsbeschreibung | This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing various commercial platfor |
