## Product Datasheet

### Rabbit IgG anti-Goat IgG (Fc)-FITC, MinX none ROC-605-4203

|                                  |                                                         |
|----------------------------------|---------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Goat IgG (Fc)-FITC, MinX none           |
| Artikelnummer                    | ROC-605-4203                                            |
| Hersteller Artikelnummer         | 605-4203                                                |
| Alternativnummer                 | ROC-605-4203                                            |
| Hersteller                       | Rockland Immunochemicals                                |
| Wirt                             | Rabbit                                                  |
| Kategorie                        | Antikörper                                              |
| Applikation                      | FLISA,FACS,IF                                           |
| Spezies Reaktivität              | Goat                                                    |
| Immunogen                        | Goat IgG F(c) fragment                                  |
| Konjugation                      | FITC                                                    |
| Format                           | IgG                                                     |
| Spezifität                       | IgG (Fc)                                                |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                     |
| Klonalität                       | Polyclonal                                              |
| Konzentration                    | 2.0 mg/mL by UV absorbance at 280 nm                    |
| Puffer                           | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Goat                                                                                                                                                                                                                                                           |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Anwendungsbeschreibung | Anti-Goat IgG F(c) Fluorescein Conjugated Antibody has been tested by dot blot. This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multip |
