| Alternativnummer                 | ROC-610-1603                                                                                    |
| Hersteller                       | Rockland Immunochemicals                                                                        |
| Wirt                             | Goat                                                                                            |
| Kategorie                        | Antikörper                                                                                      |
| Applikation                      | ELISA,IHC,WB                                                                                    |
| Spezies Reaktivität              | Mouse                                                                                           |
| Immunogen                        | Anti-mouse IgG F(c) was produced by repeated immunization with mouse IgG F(c) fragment in goat. |
| Konjugation                      | Biotin                                                                                          |
| Format                           | IgG                                                                                             |
| Spezifität                       | IgG (Fc)                                                                                        |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                                                             |
| Klonalität                       | Polyclonal                                                                                      |
| Konzentration                    | 2.0 mg/mL by UV absorbance at 280 nm                                                            |
| Puffer                           | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                         |

|                        |                                                                                                                                                                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                |
| Target-Kategorie       | Mouse                                                                                                                                                                                                                                                      |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                         |
| Application Verdünnung | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                                |
| Anwendungsbeschreibung | Anti-Mouse IgG F(c) Antibody has been assayed against 1.0 ug of Mouse IgG in a standard capture ELISA using Peroxidase Conjugated Streptavidin S000-03 and ABTS (2,2-azino-bis-[3-ethylbenthiazoline-6-sulfonic acid]) code ABTS-100 as a substrate for 30 |
