## Product Datasheet

### Rabbit Fab anti-Goat IgG (H+L)-unconj., MinX none ROC-805-4102

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit Fab anti-Goat IgG (H+L)-unconj., MinX none          |
| Artikelnummer                    | ROC-805-4102                                               |
| Hersteller Artikelnummer         | 805-4102                                                   |
| Alternativnummer                 | ROC-805-4102                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Goat                                                       |
| Immunogen                        | Goat IgG whole molecule                                    |
| Konjugation                      | Unconjugated                                               |
| Format                           | Fab                                                        |
| Spezifität                       | IgG (H+L)                                                  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 1.36 mg/mL by UV absorbance at 280 nm                      |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                     |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                           |
| Target-Kategorie       | Goat                                                                                                                                                                                |
| Antibody Type          | Secondary Antibody                                                                                                                                                                  |
| Application Verdünnung | ELISA: 1:125,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                    |
| Anwendungsbeschreibung | Suitable for highly specific immunological methods requiring extremely low background levels, absence of F(c) mediated binding, lot-to-lot consistency, high titer and specificity. |
