| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                                                         |
| Applikation              | ChIP, IF, IHC, IP, WB                                                                                                                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                  |
| Immunogen                | A synthetic peptide corresponding to a sequence within amino acids 50 to the C-Terminus of human HIST3H3 (NP_003484.1).<br>REIRRYQKSTELLIRKLFPQRLMREIAQDFKTDLRFQSSAVMALQEACESYLVGLFEDTNLCVIHAKRVTIMPKDIQLARRIRGERA |
| Konjugation              | Unconjugated                                                                                                                                                                                                       |
| Produktbeschreibung      | Histone H3 antibody LS-C332079 is an unconjugated rabbit polyclonal antibody to Histone H3 from human. It is reactive with human, mouse and rat. Validated for ChIP-Seq, ChIP, IF, IHC, IP and WB....              |
| Klonalität               | Polyclonal                                                                                                                                                                                                         |

|                        |                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                               |
| Reinheit               | Affinity purified                                                                                           |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                               |
| Application Verdünnung | ChIP-Seq (1:50 - 1:200), ChIP, IF (1:50 - 1:200), IHC (1:50 - 1:200), IP (1:20 - 1:50), WB (1:500 - 1:2000) |
| Anwendungsbeschreibung | The predicted MW is 15kDa, while the observed MW by Western blot was 17kDa.                                 |
