| Produktbeschreibung      | RRM2 antibody LS-C333948 is an unconjugated rabbit polyclonal antibody to RRM2 from human. It is reactive with human, mouse and rat. Validated for IF, IHC, IP and WB....                                                                                                   |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                  |
| Konzentration            | 0.28 mg/ml                                                                                                                                                                                                                                                                  |

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| NCBI                   | <a href="#">6241</a>                                                              |
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Reinheit               | Affinity purified                                                                 |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Verdünnung | IF (1:10 - 1:100), IHC (1:50 - 1:200), IP (1:50 - 1:200), WB (1:500 - 1:2000)     |
| Anwendungsbeschreibung | The predicted MW is 44kDa/51kDa, while the observed MW by Western blot was 45kDa. |
