| Produktbeschreibung      | DDX5 antibody LS-C333962 is an unconjugated rabbit polyclonal antibody to DDX5 from human. It is reactive with human and mouse. Validated for IF, IHC and WB....                                                                                                           |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">1655</a>                                                                                                                                                                                                                                                       |

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Reinheit               | Affinity purified                                                                 |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Verdünnung | IF (1:50 - 1:200), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                        |
| Anwendungsbeschreibung | The predicted MW is 60kDa/69kDa, while the observed MW by Western blot was 70kDa. |
