| Produktbeschreibung      | PARN antibody LS-C346149 is an unconjugated rabbit polyclonal antibody to human PARN. Validated for IF, IHC and WB....                                                                                                                                                   |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                               |
| NCBI                     | <a href="#">5073</a>                                                                                                                                                                                                                                                     |

|                        |                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                 |
| Reinheit               | Affinity purified                                                                             |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                                 |
| Application Verdünnung | IF (1:50 - 1:100), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                                    |
| Anwendungsbeschreibung | The predicted MW is 52kDa/66kDa/67kDa/73kDa, while the observed MW by Western blot was 73kDa. |
