| Artikelnummer            | LS-B10054-50                                                                                                                                               |
| Hersteller Artikelnummer | LS-B10054-50                                                                                                                                               |
| Alternativnummer         | LS-B10054-50                                                                                                                                               |
| Hersteller               | LifeSpan Biosciences                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | ELISA, IHC, IHC-Fr, WB                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                      |
| Immunogen                | RIPK2 (AAH04553, 431 aa ~ 541 aa) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                             |
| Konjugation              | Unconjugated                                                                                                                                               |
| Produktbeschreibung      | RIP2 antibody LS-B10054 is an unconjugated mouse monoclonal antibody to human RIP2 (RICK). Validated for ELISA, IHC and WB. Tested on 20 human tissues.... |
| Klonalität               | Monoclonal                                                                                                                                                 |
| Klon-Bezeichnung         | [7F5]                                                                                                                                                      |
| NCBI                     | <a href="#">8767</a>                                                                                                                                       |

|                        |                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.4                                                                                                        |
| Reinheit               | Purified from ascites by Protein A                                                                                 |
| Formulierung           | PBS, pH 7.4                                                                                                        |
| Application Verdünnung | ELISA, IHC, IHC-Fr (1:50), WB                                                                                      |
| Anwendungsbeschreibung | Immunohistochemistry: Frozen. Sandwich ELISA: Recombinant protein. Western Blot: Cell lysate, Recombinant protein. |
