| Alternativnummer         | LS-C729134-500                                                                                                              |
| Hersteller               | LifeSpan Biosciences                                                                                                        |
| Wirt                     | Rabbit                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                  |
| Applikation              | WB                                                                                                                          |
| Spezies Reaktivität      | Mouse                                                                                                                       |
| Immunogen                | Recombinant CNTF (Ala2-Met198) expressed in E. coli.                                                                        |
| Konjugation              | APC/Cy7                                                                                                                     |
| Produktbeschreibung      | CNTF antibody LS-C729134 is an APC, Cy7-conjugated rabbit polyclonal antibody to mouse CNTF (aa2-198). Validated for WB.... |
| Klonalität               | Polyclonal                                                                                                                  |
| NCBI                     | <a href="#">1270</a>                                                                                                        |
| Puffer                   | PBS, pH 7.4, 0.02% Sodium Azide, 50% Glycerol                                                                               |

|                        |                                                                                        |
|------------------------|----------------------------------------------------------------------------------------|
| Reinheit               | Antigen-specific affinity chromatography followed by Protein A affinity chromatography |
| Formulierung           | PBS, pH 7.4, 0.02% Sodium Azide, 50% Glycerol                                          |
| Application Verdünnung | WB                                                                                     |
| Anwendungsbeschreibung | WB                                                                                     |
