| Kategorie                | Antikörper                                                                                                                                                                                  |
| Applikation              | AM, IF, IHC, WB                                                                                                                                                                             |
| Spezies Reaktivität      | Human, Monkey                                                                                                                                                                               |
| Immunogen                | Human recombinant protein fragment corresponding to amino acids 461-754 of human NBN (NP_002476) produced in E.coli.                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                                                |
| Produktbeschreibung      | Nibrin antibody LS-C799242 is an unconjugated mouse monoclonal antibody to Nibrin (NBN) (aa461-754) from human. It is reactive with human and monkey. Validated for IF, IHC, PMA and WB.... |
| Klonalität               | Monoclonal                                                                                                                                                                                  |
| Konzentration            | 1 mg/ml                                                                                                                                                                                     |
| Klon-Bezeichnung         | [UMAB99]                                                                                                                                                                                    |

|                        |                                                       |
|------------------------|-------------------------------------------------------|
| Isotyp                 | IgG1                                                  |
| NCBI                   | <a href="#">4683</a>                                  |
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol, 1% BSA |
| Reinheit               | Affinity chromatography                               |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol, 1% BSA |
| Application Verdünnung | IF (1:100), IHC (1:100), PMA, WB                      |
| Anwendungsbeschreibung | IF (1:100), IHC (1:100), PMA, WB                      |
