| Artikelnummer            | LS-G132847-10                                                                                                                                                                                                             |
| Hersteller Artikelnummer | LS-G132847-10                                                                                                                                                                                                             |
| Alternativnummer         | LS-G132847-10                                                                                                                                                                                                             |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                          |
| Produktbeschreibung      | Suppressor of cytokine signaling 3 (SOCS3) is a member of the STAT-induced STAT inhibitor (SSI), also known as suppressor of cytokine signaling (SOCS), family that negatively regulates cytokine signal transduction.... |
| Molekulargewicht         | 26kDa                                                                                                                                                                                                                     |
| Tag                      | His, N-Terminal                                                                                                                                                                                                           |
| NCBI                     | <a href="#">9021</a>                                                                                                                                                                                                      |
| Quelle                   | E. coli                                                                                                                                                                                                                   |
| Reinheit                 | Greater than 97%                                                                                                                                                                                                          |
| Formulierung             | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                                                                                    |
