| Artikelnummer            | LS-B10051-50                                                                                                                                          |
| Hersteller Artikelnummer | LS-B10051-50                                                                                                                                          |
| Alternativnummer         | LS-B10051-50                                                                                                                                          |
| Hersteller               | LifeSpan Biosciences                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                            |
| Applikation              | ELISA, IHC, IHC-Fr, WB                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                 |
| Immunogen                | IFI16 (AAH17059, 630 aa ~ 730 aa) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                        |
| Konjugation              | Unconjugated                                                                                                                                          |
| Produktbeschreibung      | IFI16 antibody LS-B10051 is an unconjugated mouse monoclonal antibody to human IFI16. Validated for ELISA, IHC and WB. Tested on 20 human tissues.... |
| Klonalität               | Monoclonal                                                                                                                                            |
| Klon-Bezeichnung         | [4E6]                                                                                                                                                 |
| NCBI                     | <a href="#">3428</a>                                                                                                                                  |

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.4                                                                                  |
| Reinheit               | Purified from ascites by Protein A                                                           |
| Formulierung           | PBS, pH 7.4                                                                                  |
| Application Verdünnung | ELISA, IHC, IHC-Fr (1:50), WB                                                                |
| Anwendungsbeschreibung | Western Blot (Cell lysate) - positive control Hela NE. Sandwich ELISA (Recombinant protein). |
