| Applikation              | IHC                                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                             |
| Immunogen                | Recombinant fragment (around aa1-200) of human IL18R1 protein (exact sequence is proprietary)                                                                                                                                                                     |
| Produktbeschreibung      | Interleukin-18 (IL-18) has been identified as a molecule that induces IFN- $\gamma$ production and enhances NK cell cytotoxicity. IL-18 receptor (IL-18R) is a type I membrane protein present in lung, leukocytes, spleen, liver, thymus, prostate, small int... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                        |
| Klon-Bezeichnung         | [IL18R1/7591]                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 62kDa                                                                                                                                                                                                                                                             |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                              |

|              |                                                                                                                                                                        |
