| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Nuclei of human myeloid leukemia biopsy cells                                                                                                                                                                                                                 |
| Produktbeschreibung      | This monoclonal antibody is an excellent marker for human cells in xenographic model research. It reacts specifically with human cells. It is a part of a new panel of reagents, which recognizes subcellular organelles or compartments of human cells. T... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [235-1R]                                                                                                                                                                                                                                                      |
| Molekulargewicht         | 70kDa & 80kDa                                                                                                                                                                                                                                                 |
| NCBI                     | Not Known                                                                                                                                                                                                                                                     |

|              |                                                                                                                                                                           |
