### TNF-alpha, Soluble Recombinant Protein PRS-90-221

|                          |                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | TNF-alpha, Soluble Recombinant Protein                                                                                       |
| Artikelnummer            | PRS-90-221                                                                                                                   |
| Hersteller Artikelnummer | 90-221                                                                                                                       |
| Alternativnummer         | PRS-90-221-10                                                                                                                |
| Hersteller               | ProSci                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                             |
| Konzentration            | 10 ug size: 0.1 mg/ml after reconstitution.50 ug size: 1 mg/ml after reconstitution.                                         |
| NCBI                     | <a href="#">7124</a>                                                                                                         |
| UniProt                  | <a href="#">P01375</a>                                                                                                       |
| Puffer                   | Contains PBS. Reconstitute with 100 µl sterile water. PBS containing at least 0.1% BSA should be used for further dilutions. |
| Quelle                   | E. coli                                                                                                                      |
| Reinheit                 | >95% (SDS-PAGE). Endotoxin level is less than 0.01EU/ µg purified protein (LAL test, Lonza).                                 |
| Formulierung             | Lyophilized                                                                                                                  |
| Anwendungsbeschreibung   | This recombinant proteins is for research use only.                                                                          |
