### Sentrin-Specific Protease 8 Recombinant Protein PRS-91-152

|                          |                                                                                                                                                      |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Sentrin-Specific Protease 8 Recombinant Protein                                                                                                      |
| Artikelnummer            | PRS-91-152                                                                                                                                           |
| Hersteller Artikelnummer | 91-152                                                                                                                                               |
| Alternativnummer         | PRS-91-152-0.05                                                                                                                                      |
| Hersteller               | ProSci                                                                                                                                               |
| Kategorie                | Proteine/Peptide                                                                                                                                     |
| Molekulargewicht         | 26.24 kD                                                                                                                                             |
| NCBI                     | <a href="#">123228</a>                                                                                                                               |
| UniProt                  | <a href="#">Q96LD8</a>                                                                                                                               |
| Puffer                   | Supplied as a 0.2 um filtered solution of 20mM PB, 150mM NaCl, pH 7.4. It is not recommended to reconstitute to a concentration less than 100 ug/ml. |
| Quelle                   | E. coli                                                                                                                                              |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE.<br />Endotoxin level less than 0.1 ng/ug (1 IEU/ug) as determined by LAL test.                  |
| Formulierung             | Liquid                                                                                                                                               |
| Anwendungsbeschreibung   | This recombinant protein can be used for biological assays. For research use only.                                                                   |
