| Alternativnummer         | PRS-91-176-0.05                                                                                                                                                                                                           |
| Hersteller               | ProSci                                                                                                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                          |
| Molekulargewicht         | 18.27 kD                                                                                                                                                                                                                  |
| NCBI                     | <a href="#">4149</a>                                                                                                                                                                                                      |
| UniProt                  | <a href="#">P61244</a>                                                                                                                                                                                                    |
| Puffer                   | Lyophilized from a 0.2 um filtered solution of 20mM TrisHCl, 50mM Imidazole, 250mM NaCl, pH 8.5. It is not recommended to reconstitute to a concentration less than 100 ug/ml. Dissolve the lyophilized protein in ddH2O. |
| Quelle                   | E. coli                                                                                                                                                                                                                   |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE.<br />Endotoxin level less than 0.1 ng/ug (1 IEU/ug) as determined by LAL test.                                                                                       |
| Formulierung             | Lyophilized                                                                                                                                                                                                               |
| Anwendungsbeschreibung   | This recombinant protein can be used for biological assays. For research use only.                                                                                                                                        |
