### Carboxylesterase 1 Recombinant Protein PRS-91-406

|                          |                                                                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Carboxylesterase 1 Recombinant Protein                                                                                                                     |
| Artikelnummer            | PRS-91-406                                                                                                                                                 |
| Hersteller Artikelnummer | 91-406                                                                                                                                                     |
| Alternativnummer         | PRS-91-406-0.05                                                                                                                                            |
| Hersteller               | ProSci                                                                                                                                                     |
| Kategorie                | Proteine/Peptide                                                                                                                                           |
| Molekulargewicht         | 61.05 kD                                                                                                                                                   |
| NCBI                     | <a href="#">1066</a>                                                                                                                                       |
| UniProt                  | <a href="#">P23141</a>                                                                                                                                     |
| Puffer                   | Supplied as a 0.2 um filtered solution of 20mM HAc-NaAc, 150mM NaCl, pH 4.0. It is not recommended to reconstitute to a concentration less than 100 ug/ml. |
| Quelle                   | Human Cells                                                                                                                                                |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE.<br>Endotoxin level less than 0.1 ng/ug (1 IEU/ug) as determined by LAL test.                          |
| Formulierung             | Liquid                                                                                                                                                     |
| Anwendungsbeschreibung   | This recombinant protein can be used for biological assays. For research use only.                                                                         |
