| Artikelname              | Protein Disulfide-Isomerase A4 Recombinant Protein                                                                                                                 |
| Artikelnummer            | PRS-91-762                                                                                                                                                         |
| Hersteller Artikelnummer | 91-762                                                                                                                                                             |
| Alternativnummer         | PRS-91-762-0.05                                                                                                                                                    |
| Hersteller               | ProSci                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                   |
| Molekulargewicht         | 71.7 kD                                                                                                                                                            |
| NCBI                     | <a href="#">9601</a>                                                                                                                                               |
| UniProt                  | <a href="#">P13667</a>                                                                                                                                             |
| Puffer                   | Supplied as a 0.2 um filtered solution of 20mM TrisHCl,150mM NaCl,10%Glycerol,pH7.5. It is not recommended to reconstitute to a concentration less than 100 ug/ml. |
| Quelle                   | Human Cells                                                                                                                                                        |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE.<br />Endotoxin level less than 0.1 ng/ug (1 IEU/ug) as determined by LAL test.                                |
| Formulierung             | Liquid                                                                                                                                                             |
| Anwendungsbeschreibung   | This recombinant protein can be used for biological assays. For research use only.                                                                                 |
