| Hersteller               | ProSci                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                   |
| Molekulargewicht         | 30.9 kD                                                                                                                                                            |
| NCBI                     | <a href="#">25932</a>                                                                                                                                              |
| UniProt                  | <a href="#">Q9Y696</a>                                                                                                                                             |
| Puffer                   | Supplied as a 0.2 um filtered solution of 20mM TrisHCl, 100mM NaCl, 1mM DTT, pH 8.0. It is not recommended to reconstitute to a concentration less than 100 ug/ml. |
| Quelle                   | E. coli                                                                                                                                                            |
| Reinheit                 | Greater than 95% as determined by reducing SDS-PAGE.<br>Endotoxin level less than 0.1 ng/ug (1 IEU/ug) as determined by LAL test.                                  |
| Formulierung             | Liquid                                                                                                                                                             |
| Anwendungsbeschreibung   | This recombinant protein can be used for biological assays. For research use only.                                                                                 |
