| Artikelname              | C-10 Antibody (biotin), Biotin, Rabbit, Polyclonal                                                   |
| Artikelnummer            | PRS-XP-5112BT                                                                                        |
| Hersteller Artikelnummer | XP-5112Bt                                                                                            |
| Alternativnummer         | PRS-XP-5112BT-0.05                                                                                   |
| Hersteller               | ProSci                                                                                               |
| Wirt                     | Rabbit                                                                                               |
| Kategorie                | Antikörper                                                                                           |
| Applikation              | WB                                                                                                   |
| Spezies Reaktivität      | Mouse                                                                                                |
| Immunogen                | Produced from sera of rabbits pre-immunized with highly pure (>98%) recombinant mC-10 (murine C-10). |
| Konjugation              | Biotin                                                                                               |
| Klonalität               | Polyclonal                                                                                           |
| Konzentration            | batch dependent                                                                                      |
| NCBI                     | <a href="#">20305</a>                                                                                |
| UniProt                  | <a href="#">P27784</a>                                                                               |
| Formulierung             | Lyophilized                                                                                          |
| Application Verdünnung   | Centrifuge vial prior to opening.                                                                    |

|                        |                                                                                                                                                                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | ELISA:Western Blot:To detect mC-10 by Western Blot analysis this antibody can be used at a concentration of 0.1 - 0.2 µg/mL. Used in conjunction with compatible secondary reagents the detection limit for recombinant mC-10 is 1.5 - 3.0 ng/lane, under either reducing or non-reducing conditions. |
