| Produktbeschreibung      | Rat 11-Beta-Hydroxysteroid Dehydrogenase Type 1 (HSD11b1) ELISA Kit for detecting HSD11b1 in tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Rat (Rattus norvegicus). Detection Range: 0.312-20ng/... |
| Detektionsbereich        | 0.312-20ng/ml                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 0.117ng/ml                                                                                                                                                                                                                                                    |
