## Product Datasheet

### **Anti-IL-18 (Mouse) mAb, IgG2a, Clone: [39-3F], Unconjugated, Rat, Monoclonal MBL-D046-3**

|                          |                                                                              |
|--------------------------|------------------------------------------------------------------------------|
| Artikelname              | Anti-IL-18 (Mouse) mAb, IgG2a, Clone: [39-3F], Unconjugated, Rat, Monoclonal |
| Artikelnummer            | MBL-D046-3                                                                   |
| Hersteller Artikelnummer | D046-3                                                                       |
| Alternativnummer         | MBL-D046-3                                                                   |
| Hersteller               | MBL                                                                          |
| Wirt                     | Rat                                                                          |
| Kategorie                | Antikörper                                                                   |
| Applikation              | WB                                                                           |
| Spezies Reaktivität      | Mouse                                                                        |
| Immunogen                | Recombinant Mouse IL-18                                                      |
| Konjugation              | Unconjugated                                                                 |
| Produktbeschreibung      | Anti-IL-18 (Mouse) mAb, IgG2a, Clone: [39-3F], Rat, Monoclonal...            |
| Klonalität               | Monoclonal                                                                   |
| Konzentration            | 1 mg/mL                                                                      |
| Klon-Bezeichnung         | [39-3F]                                                                      |
| Isotyp                   | IgG2a                                                                        |
| NCBI                     | <a href="#">3606</a>                                                         |

|                        |                                                                                                                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                                                                                                                                                      |
| Quelle                 | This antibody was purified from mouse ascites fluid using protein A agarose. This hybridoma was established by fusion of mouse myeloma cell SP2/0 with Balb/c mouse splenocyte immunized with recombinant human IL - 18. |
| Target-Kategorie       | IL-18                                                                                                                                                                                                                    |
| Application Verdünnung | WB: 1 µg/mL (chemiluminescence detection system). NT: It is reported that this monoclonal antibody can be used i n Neutralization in the reference number 5) .                                                           |
