## Product Datasheet

### Anti-Caspase-7 mAb, IgG2b, Clone: [4G2], Unconjugated, Mouse, Monoclonal MBL-M053-3

|                          |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| Artikelname              | Anti-Caspase-7 mAb, IgG2b, Clone: [4G2], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | MBL-M053-3                                                               |
| Hersteller Artikelnummer | M053-3                                                                   |
| Alternativnummer         | MBL-M053-3                                                               |
| Hersteller               | MBL                                                                      |
| Wirt                     | Mouse                                                                    |
| Kategorie                | Antikörper                                                               |
| Applikation              | IP, WB                                                                   |
| Spezies Reaktivität      | Human, Mouse, Rat                                                        |
| Immunogen                | Recombinant Caspase-7 (N-terminal :1-198 a.a.)                           |
| Konjugation              | Unconjugated                                                             |
| Produktbeschreibung      | Anti-Caspase-7 mAb, IgG2b, Clone: [4G2], Mouse, Monoclonal...            |
| Klonalität               | Monoclonal                                                               |
| Konzentration            | 1 mg/mL                                                                  |
| Klon-Bezeichnung         | [4G2]                                                                    |
| Isotyp                   | IgG2b                                                                    |
| NCBI                     | <a href="#">840</a>                                                      |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                                                                                                                                                                                            |
| Quelle                 | This antibody was purified from mouse ascites fluid using protein A agarose. This hybridoma (clone 4G2) was established by fusion of mouse myeloma cell P3U1 with Balb/c mouse splenocyte immunized with the recombinant Caspase-7 protein corresponding to N- |
| Target-Kategorie       | Caspase-7                                                                                                                                                                                                                                                      |
| Application Verdünnung | WB: 1 µg/mL (chemiluminescence detection system). IP: 2 µg/200 µL of cell extract from 2.5 x 10 <sup>6</sup> cells                                                                                                                                             |
