## Product Datasheet

### Anti-ELAVL3 (HuC) pAb, Clone: [Polyclonal], Unconjugated, Rabbit MBL-RN006P

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| Artikelname              | Anti-ELAVL3 (HuC) pAb, Clone: [Polyclonal], Unconjugated, Rabbit                   |
| Artikelnummer            | MBL-RN006P                                                                         |
| Hersteller Artikelnummer | RN006P                                                                             |
| Alternativnummer         | MBL-RN006P                                                                         |
| Hersteller               | MBL                                                                                |
| Wirt                     | Rabbit                                                                             |
| Kategorie                | Antikörper                                                                         |
| Applikation              | IP, WB                                                                             |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                  |
| Immunogen                | KLH-conjugated synthetic peptide<br>MVTQILGAMESQVGGGPAGPALPNGPLLGTNGATDD (1-36 aa) |
| Konjugation              | Unconjugated                                                                       |
| Produktbeschreibung      | Anti-ELAVL3 (HuC) (Human/Mouse) pAb, Rabbit, Polyclonal...                         |
| Klonalität               | Polyclonal                                                                         |
| Konzentration            | 1 mg/mL                                                                            |
| Klon-Bezeichnung         | [Polyclonal]                                                                       |
| NCBI                     | <a href="#">1995</a>                                                               |
| Puffer                   | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                |

|                        |                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quelle                 | This antibody was purified from rabbit serum by affinity column chromatography. The rabbit was immunized with KLH conjugated synthetic peptide, MVTQILGAMESQVGGGPAGPALPNGPLLGTNGATDD corresponding to 1-36 aa. |
| Target-Kategorie       | ELAVL3/HuC                                                                                                                                                                                                     |
| Application Verdünnung | WB: 1:1,000 for chemiluminescence detection system. IP: 5 g/250 L of cell extract from $2.5 \times 10^6$ cells. RIP: 15 g/500 L of cell extract from $6 \times 10^6$ cells                                     |
