| Kategorie                | Antikörper                                                                                                                                                                                                                               |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                    |
| Immunogen                | Recombinant protein (or fragment). This information is considered to be commercially sensitive.                                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                             |
| Produktbeschreibung      | Enables protein N-terminus binding activity. Involved in double-strand break repair via homologous recombination and histone modification. Located in nuclear speck. Part of NuA4 histone acetyltransferase complex and Sin3 complex.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                               |
| Molekulargewicht         | 41kDa                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">10933</a>                                                                                                                                                                                                                    |

|                        |                                                                                                                                                                                                                           |
