## Product Datasheet

### CLPTM1 Rabbit pAb, Unconjugated, Polyclonal ABB-A7656

|                          |                                                                                                     |
|--------------------------|-----------------------------------------------------------------------------------------------------|
| Artikelname              | CLPTM1 Rabbit pAb, Unconjugated, Polyclonal                                                         |
| Artikelnummer            | ABB-A7656                                                                                           |
| Hersteller Artikelnummer | A7656                                                                                               |
| Alternativnummer         | ABB-A7656-20UL, ABB-A7656-100UL, ABB-A7656-500UL, ABB-A7656-1000UL                                  |
| Hersteller               | ABclonal                                                                                            |
| Wirt                     | Rabbit                                                                                              |
| Kategorie                | Antikörper                                                                                          |
| Applikation              | ELISA, WB                                                                                           |
| Spezies Reaktivität      | Human                                                                                               |
| Immunogen                | Recombinant protein (or fragment). This information is considered to be commercially sensitive.     |
| Konjugation              | Unconjugated                                                                                        |
| Produktbeschreibung      | Predicted to be involved in regulation of T cell differentiation in thymus. Located in membrane.... |
| Klonalität               | Polyclonal                                                                                          |
| Molekulargewicht         | 76kDa                                                                                               |
| NCBI                     | <a href="#">1209</a>                                                                                |
| UniProt                  | <a href="#">O96005</a>                                                                              |

|                        |                                                                                                                                                                                                                                                                                      |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Affinity purification                                                                                                                                                                                                                                                                |

| Target-Kategorie       | CLPTM1                                                                                                                                                                                                                                                                               |
| Antibody Type          | Primary Antibody                                                                                                                                                                                                                                                                     |
| Application Verdünnung | WB,1:500 - 1:2000 ELISA,Recommended starting concentration is 1<br>µg/mL. Please optimize the concentration based on your specific<br>assay requirements.                                                                                                                            |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Cell Biology<br>Developmental Biology. Shipping: Ice Bag                                                                                                                                                                            |
