|                  |                                                                                                                                                                              |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung     | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification. |
| Target-Kategorie | This antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between amino acids from human.                                                   |
