| Immunogen                | Recombinant human ALK protein fragment covering ~aa 400-500.                                                                                                                                                                                                  |
| Konjugation              | CF405S                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | The wild-type anaplastic lymphoma kinase (ALK) protein is a 200 kDa transmembrane receptor tyrosine kinase. Its expression is restricted to a few scattered cells in the nervous system (some glial cells and neurons, and a few endothelial cells and per... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [ALK/1031]                                                                                                                                                                                                                                                    |

|                        |                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------|
| Molekulargewicht       | 80 kDa (hybrid), 200 kDa (wild type)                                                        |
| UniProt                | <a href="#">Q9UM73</a>                                                                      |
| Puffer                 | PBS, 0.1% BSA, 0.05% azide                                                                  |
| Quelle                 | Animal                                                                                      |
| Anwendungsbeschreibung | Western blot 0.5-1 ug/mL, Optimal dilution for a specific application should be determined. |
