| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IF, IHC                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment of human Ki67 protein (around aa 2293-2478) (exact sequence is proprietary)                                                                                                                                                              |
| Konjugation              | CF640R                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Ki-67 antigen is a nuclear, non-histone protein that is present in all stages of the cell cycle except G0. This characteristic makes Ki-67 an excellent marker for proliferating cells and is commonly used as one of the prognostic factors in cancer stu... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [MKI67/2466]               |
| Molekulargewicht | 345 kDa and 395 kDa        |
